EDUCATION

Holy Angel University — Angeles City, Philippines
Bachelor of Science in Computer Science — 2023 – Present

President's Lister | A.Y. 2025–2026 | 1st and 2nd Semesters
President's Lister | A.Y. 2024–2025 | 1st and 2nd Semesters
Dean's Lister | A.Y. 2023–2024 | 1st and 2nd Semesters

Bloomingfields Academy Foundation Inc. — Arayat, Pampanga
Senior High School — Science, Technology, Engineering, and Mathematics Strand — 2021 – 2023

PROJECT EXPERIENCE

CapsiCAM — Chili Pepper Leaf Disease Classification Mobile Application — github.com/hrspnd/CapsiCAM

UI/UX Designer, Frontend Developer | Undergraduate Group Thesis

- Contributed to the design and development of an Android application for an undergraduate thesis that classifies chili pepper leaf images as Healthy, Bacterial Leaf Spot, or Cercospora Leaf Spot.
- Designed the user interface and developed frontend screens using Flutter and Dart, enabling users to submit leaf images, view classification results and visual heatmaps, and revisit previous scans.
- Collaborated with the group members to integrate the user interface with backend services, supporting image submission, classification results, and scan history.

Personal Portfolio — Interactive Portfolio Website — github.com/jsphnmgt/jsphnmgt-portfolio

UI/UX Design, Frontend Development

- Developed a responsive personal portfolio using React, Vite, and CSS to showcase projects, technical skills, and professional background.
- Created an interactive personal room with themed collections for books, films, games, and music, featuring animated transitions and detail panels.
- Enhanced usability and performance with keyboard navigation, responsive interactions, and optimized image loading.

HAUlam — Campus Food Stall Discovery Mobile Application — github.com/hrspnd/HAUlam

UI/UX Designer, Frontend Developer

- Contributed to the design and development of HAUlam, a mobile application that helps Holy Angel University students discover food stalls, search for dishes, and bookmark favorite stalls.
- Designed interface layouts and developed frontend screens using Flutter and Dart, focusing on clear navigation and consistent visual design.
- Collaborated with the backend developer to connect the interface with Supabase services for user authentication, stall information, and bookmarking.

Course Companion — Lesson and Flashcard Website — github.com/jsphnmgt/Course-Companion

UI/UX Designer, Frontend Development

- Designed and developed a study website using React, HTML, and CSS, combining subject lessons and flashcards in one interface.
- Created subject navigation for Biology, Chemistry, Physics, Astronomy, and Earth Science to organize lesson content.
- Implemented flashcard creation, answer flipping, and deletion to help users review questions and answers.

MYSTICA — Studio Ghibli-Inspired Website github.com/jsphnmgt/Mystica

UI/UX Designer, Frontend Development

- Designed and developed a Studio Ghibli-inspired website using HTML, CSS, and JavaScript to introduce films, characters, and their fictional worlds.
- Created themed page layouts and visual elements that reflect the atmosphere of Studio Ghibli films.
- Implemented interactive features and navigation to guide visitors through movie content and character-based questions.

LEADERSHIP & ORGANIZATIONAL EXPERIENCE

College Student Council – Alpha Fox – HAU Angeles City, Philippines

Finance Officer June 2024 – June 2025

- Processed receipts, tracked expenses, and maintained financial records for the council. Helped prepare financial reports and monitor budgets in line with council policies.

League of Outstanding Programmers (LOOP) – HAU Angeles City, Philippines

Finance Staff June 2024 – June 2025

- Maintained records, processed receipts, and tracked expenses for the organization's day-to-day operations. Helped prepare financial reports and monitor budgets in line with its financial procedures.

TECHNICAL SKILLS

Development: HTML, CSS, JavaScript, Dart, Java, Python

Design: UI/UX Design, Figma, Canva

Databases: SQL, PostgreSQL

Frameworks: React, Flutter

Tools: GitHub, Notion, Microsoft Excel, Microsoft Publisher, Microsoft PowerPoint

CERTIFICATIONS

- Cyber Threat Management | Cisco Networking Academy | September 2026
- Data Analytics Essentials | Cisco Networking Academy | March 2026
- AWS Academy Graduate – Cloud Foundations – Training Badge | AWS Academy | March 2026
- AI Fundamentals with IBM SkillsBuild | Cisco Networking Academy / IBM SkillsBuild | March 2026
- Artificial Intelligence Fundamentals | IBM SkillsBuild | March 2026
- Endpoint Security | Cisco Networking Academy | August 2025
- Relational Database V8 | freeCodeCamp | February 2025
- JavaScript Essentials 1 | Cisco Networking Academy / OpenEDG JS Institute | October 2024
- Introduction to Figma | Simplilearn SkillUp | September 2024
- Responsive Web Design | freeCodeCamp | August 2024
- CompTIA IT Fundamentals+ (ITF+) Certification | CompTIA | November 2023
